

Genealogy by Computer Society

Vol 26, No. 2

NEWLETTER

January, 2018

OBJECTIVES

Our purpose is to provide assistance to genealogists with help on the use of computers as a tool for research, organizing data, printing reports and charts, and publishing family historybooks. We provide help through monthly meetings, a quarterly newsletter, special interest groups, classes on genealogy software, and special projects.

ORGANIZATION

The Genealogy by Computer Society was founded in September 1992 to serve genealogists living in Northwest Ohio and Southeast Michigan. At the present time there are 88 members. Computers are used as a research tool for research, organizing and analyzing data, printing reports and charts, and publishing family histories.

MEETINGS

Meetings are held on the second Saturday of each month at the Toledo-Lucas County Library, at 325 Michigan St., Toledo, Ohio in the Huntington Room on the first floor. Meetings begin at 1:00 p.m. with a short business meeting followed by a presentation of interest to all. Topics vary from month to month.

SPECIAL INTEREST GROUPS

The groups focus on specific hardware and/or software topics. Question and Answer Sessions may also be conducted. The society has 3 SIG groups:

- RootsMagic
- Family Tree Maker
- Legacy

MEMBERSHIP

Membership is open to anyone interested in computer genealogy. Members vary from beginners to advanced users. Annual dues are \$10 for individuals and \$15 for families. To join GCS send your application and a check made payable to GCS to:

Janice Stockman
442 Pasadena Blvd.
Toledo, OH 43612

An application form may be downloaded from our Web Site at: www.gcstoledo.org
