**Dutch Genealogy**

If you are interested in Dutch Genealogy you might want to attend the NGS Conference in Grand Rapids, MI on 2-5 May 2018. There will be several presentations. For more information, go to <https://www.dutchgenealogy.nl/>.

**Web Hosting**

Affordable & lightning-quick web hosting solutions for websites of any type!

Our shared hosting plans provide you with the basic required elements; emails, websites and more to kickstart your online presence.

If you are interested in having an on line website, go to <https://www.vodien.com/>.

It also has a good section on **Getting Started With Genealogy on the Web.**

**Who Will Adopt your Genealogical Research?**

You have spent years compiling your family history. What will become of it when you are no longer able to maintain it? Do you have an interested family member who will adopt your project?

**You can print journal reports using archival paper and ink and store them in an appropriate location.**

**You can publish a book and distribute it to family, friends, genealogical libraries and societies.**

**You can publish a book digitally**

**You can publish a set of HTML pages.**

**You can distribute a backup of your project or a GEDCOM export of it.**

**So, which method should you choose?**
